

2009 annual meeting of members

We all have them- excuses on why we can't do our part in energy conservation. We want to start a dialogue with our members and lose the excuses! Join us on May 9 from 10 a.m. - 2 p.m. at the Delaware County Fairgrounds to find out how you can combat rising energy costs with our many programs. Meet your new Energy Advisor and learn about such topics as weatherproofing and insulation.

Don't miss The Barnyard Express, rock wall, kids' games, vendors' booths and more!

To attend simply return the attached reply card by **April 30.**
